**GREAT  
HIMALAYA  
TRAILS**

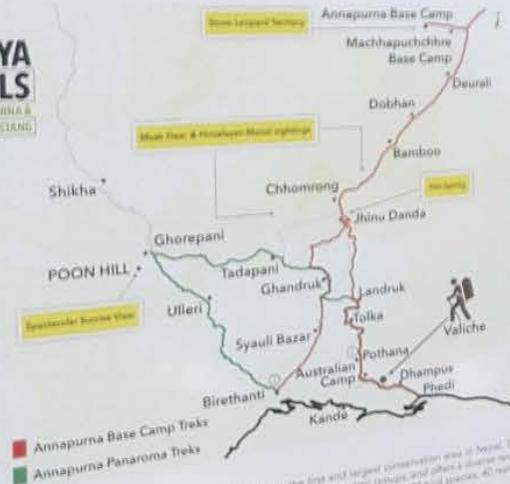

# ANNAPURNA BASE CAMP TRAIL & ANNAPURNA PANORAMA TRAIL

**GREAT HIMALAYA TRAILS**  
ANNAPURNA & MUSTANG

**Welcome to the Annapurna Conservation Area, the first and largest conservation area in Nepal.** The area is home to over 100,000 people of different cultural and linguistic groups, and offers a diverse range of vegetation sites which supports 1,235 plant species, 125 animal species, 488 bird species, 40 reptile species, 23 amphibian species and 347 butterfly species.

The conservation area is managed by National Trust for Nature Conservation (NTNC). NTNC is an autonomous and not-for-profit organization, mandated to work in the field of nature conservation in Nepal. For over three decades, NTNC has been responsible for managing the Annapurna Conservation Area, executing projects on nature and biodiversity, cultural heritage protection, ecotourism and sustainable development.

- Responsibilities include:
- Managing the tourist information centre
  - Developing and maintaining trekking trails
  - Lodge and tea-house management training

**ANNAPURNA BASE CAMP TRAIL**  
10-day trek through Gurung villages and through the Macthapuchchhu Base Camp and the Annapurna Sanctuary offering views of the Himalayas.

**Highlights:**

- Explore old caves of Annapurna South and Southwestern Himalayas
- Wildlife sightings ( Himalayan monal, musk deer, and snow leopard)

**ANNAPURNA PANORAMA TRAIL**  
6-day trek offers views of Ghorepani and the Annapurna mountains, panoramic views through the cultural village of Ghorepani.

**Highlights:**

- Spectacular sunrise from Poon Hill (3250m)
- Mountain fields, lush meadows, forests and cultural villages
